

## 3rd semester has started 2025

The year 2025 has started. In the third semester, we will have a night junior high school learning presentation. There are also high school entrance exams and graduation ceremony. This is the time to look back on your life and studies at junior high school and think about your next goals. Let's have a fun school life with everyone at Okibe Night Junior High School this year!

2nd semester closing ceremony  
At the student council exchange meeting, we all played bocchia! The prizes were Japanese radishes harvested at our school. We all were so excited!

## "Adult junior high school student"

Work has begun on a collection of evening junior high school students' essays, "Adult junior high school students". In March, we will have an essay presentation at our school.

This is an important essay that allows you to reflect on yourself. When you have finished writing, please submit it to your homeroom teacher.

## Friday, January 31st "Trial School Research Presentation"

School teachers will come to observe our classes. Teachers study to improve night junior high school classes. Class times will be changed.

| Friday, January 31st   |                 | A class               | B class        | C class           | D class        |
|------------------------|-----------------|-----------------------|----------------|-------------------|----------------|
| 1st period             | 17:35~<br>18:20 | expression2           | modern society | geography history | modern society |
| supplementary meal     | 18:20~<br>18:40 |                       |                |                   |                |
| 2nd period             | 18:40~<br>19:25 | ethnicity and culture |                | expression I      | expression I   |
| 3rd period             | 19:35~<br>20:20 | expression            |                | music             |                |
| There is no 4th period |                 |                       |                |                   |                |
